1 cm  1 inch
Glue to double thick cardstock.

Roll a piece of plain paper into a rod with a diameter of +/- 2mm and cut to size.

or use cardstock strip

use several layers of cardstock to make 2 blocks. Use your own discretion to determine size.

use small nail to connect pieces.
Mars Rover Spirit & Opportunity

leftside

rightside

use small nail or pin to connect wheels to suspension.

spacer made from electrical wire insulation

inside-spacers for wheels (don’t glue) put inside wheel after gluing first lid.
